EXPERIENCES

GRANSTUDIO

Junior Automotive Designer | Full time
GranStudio SRL. Turin, Italy
Jan. 2020 to Apr. 2020

Collaboration in the development of a production SUV interior design for an important automotive manufacturer.

Automotive Interior Designer | Internship
Pininfarina SPA. Turin, Italy
Mar. 2019 to Oct. 2019

Collaboration in the development of several concept and production car interiors for different clients. Pursuing the creation of strong, cutting-edge aesthetical design themes by using tools such as hand sketching and photoshop rendering. Working on the development of consistent user experience (UX) concepts that would fit the client's philosophy. Research on future smart city mobility solutions.

Team Leader
Sept. 2014 to Sept. 2016
Organization and Manufacturing Engineer
Sept. 2013 to Sept. 2014

Organizing and planning the team's different tasks from the beginning of the engineering design process until the manufacturing and testing to get the car ready for the competition. Representing the team in official events and taking part in different interviews to promote the team's image. Taking part in the design development of the team's corporate image from the logo design to the vehicle's livery design.

Technical Office Engineer | Internship
Systemair HVAC Spain. Madrid, Spain
Jul. 2015 to Sept. 2015

Collaboration in the development process of a new range of products in the field of HVAC systems.
